Discover the Iberian Peninsula and embark on a train trip where every step of your journey will resonate with the rhythm of celebration. From the lively streets of Barcelona to the festive squares of Seville, collect and maximize sets of Festival Cards as your network expands. But plan your travel carefully, as other players will offer fierce competition to reach cities and claim their rewards before you do.

This Ticket to Ride expansion also includes the South Korea map, which offers a unique twist in how routes are organized. Be quick and efficiently use your High Speed Train bonuses to claim the most valuable routes and secure the highest positions on the Province Chart.

This is not a stand-alone game, requires an original copy of Ticket to Ride or Ticket to Ride Europe to play.
